### Residential Burglary Suspect Arrested

**Location:** Multiple locations along the I-280 corridor – San Mateo County

**Type of Crime:** PC 460(a) – Residential burglary  
PC 487(a) – Grand theft  
PC 647(h) – Loiter on private property  
VC 10852 – Tamper with a motor vehicle

**Suspect:** **Nathan James Hubbard** (29-year-old San Jose resident)

**Woodside, CA** - In March of 2023 Detectives began investigating a series of residential burglaries and trespassing complaints located along the I-280 corridor within San Mateo County. With the help of residential security systems, Automated License Plate Readers (ALPRs) and witness statements, the suspect was identified as Nathan James Hubbard.

On October 12, 2023, with the assistance of San Jose Police Department, Detectives contacted Hubbard within the City of San Jose. Detectives arrested Hubbard for the above listed charges and later booked him into the Maguire Correctional Facility.

Based on this investigation, it is believed Hubbard is possibly associated with other unreported/unidentified burglaries. We ask anyone who may have information about this case to please contact Det. A. Baggetta at [abaggetta@smcgov.org](mailto:abaggetta@smcgov.org) or Det. E. Storch at [estorch@smcgov.org](mailto:estorch@smcgov.org). Alternatively, you may also remain anonymous by calling the San Mateo County Sheriff's Office Anonymous Tip Line at **1.800.547.2700**.

This arrest made possible by the utilization of our Automated License Plate Reader (ALPR) system, exemplifies the power of interagency cooperation and cutting-edge technology in combating crime. The Automated License Plate Reader system known as Flock Safety Cameras, are deployed strategically across our respective jurisdictions, played a crucial role in the identification and subsequent apprehension of the suspect.

The San Mateo County Sheriff's Office remains committed to leveraging state-of-the-art technologies like the Automated License Plate Reader system to enhance public safety and maintain the security of our communities.
